

Free2move eSolutions Launches North America eCommerce Platform

Offering Convenient EV Charger Purchases and Installation Services

Auburn Hills, Michigan – November 27th 2024 – Free2move eSolutions, a leader in electric vehicle (EV) charging solutions, announces the launch of its new North America eCommerce platform. This intuitive, customer-centric platform empowers users to seamlessly purchase, schedule, and install Level 2 residential EV chargers, while also providing access to tailored commercial charging solutions. With an emphasis on simplicity and convenience, Free2move eSolutions aims to enhance the EV ownership experience for individuals and businesses alike.

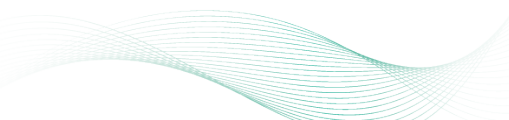

The user-friendly online platform allows individuals to purchase a Level 2 residential charger, schedule an installation appointment, and complete a simple online installation assessment — all from the comfort of their homes. This streamlined process eliminates traditional barriers to EV adoption, enabling residential customers to make the transition to sustainable driving with ease.

For commercial customers, Free2move eSolutions offers customized solutions to meet the unique needs of businesses. Through the platform, companies can request a quote for commercial EV chargers, with the opportunity to collaborate with Free2move eSolutions' expert sales team to develop a solution tailored to their specific business requirements.

"We are thrilled to launch our North America eCommerce platform, which brings the future of electric vehicle charging directly to consumers and businesses in a way that is simple, efficient, and tailored to their needs," said Brian Szalk, Head of Free2move eSolutions North America. "Our platform is designed to meet the growing demand for EV infrastructure while offering a seamless experience — whether you're an individual looking to power your home or a business in need of a commercial charging solution."

Key Features of Free2move eSolutions North America eCommerce Platform:

- **Residential Charging:** Purchase and schedule installation for Level 2 chargers for home use.
- **Online Installation Assessment:** Complete an easy-to-follow assessment to ensure proper setup of the charging unit.
- **Commercial Charging Solutions:** Request a quote for commercial chargers, with the option to work directly with Free2move eSolutions' sales team for a customized solution.
- **Effortless Scheduling:** Choose a convenient installation time with certified professionals to ensure hassle-free setup.
- **Dedicated Customer Care Service:** Access responsive, expert support throughout the journey, with a dedicated customer care team available to assist with any questions or concerns.

Free2move eSolutions is committed to advancing the transition to electric vehicles by providing reliable, scalable, and cost-effective charging solutions. The eCommerce platform is a critical step in fulfilling this mission, ensuring that both residential and commercial customers have the tools and support they need to power their EVs efficiently.

Free2move eSolutions

Free2move eSolutions is a joint venture between Stellantis and NHOA, founded to support and facilitate the transition to electric mobility, by taking an active role in achieving accessible, clean mobility. To do so, it provides a wide range of consumers with innovative, tailor-made services that contribute to reducing CO₂ emissions. Visit our website: www.esolutions.free2move.com/na.
