

eSolutions Plus 40A (9.6kW) & 48A (11.5kW) AC Charger

Product Highlights

 Compatible with all EVs

 Halo RGB LED charger status

- **Futureproof Charging:** Choose from 40A or 48A output for flexible power and the ability to handle faster-charging EVs in the future. Easy NEMA 14-50 plug installation.
- **Max Reach, Max Comfort:** The long 25ft cable provides ample reach for convenient charging.
- **Compact Powerhouse:** Delivers powerful 240V Level 2 charging in a surprisingly small design. Adds up to 30-35 miles of range per hour.
- **Smart and Connected:** Monitor and control your charger remotely with the Free2move Charge app (WiFi or Bluetooth). Onboard intelligence allows for scheduled charging even without an internet connection.
- **Durable Design:** NEMA Type 4 rating ensures the charger is safe for both indoor and outdoor use.

 Standard 3-Year Warranty

 Compliant with all local/regional regulations (CSA, Energy Star, FCC, & uL)
